**REAR ADMIRAL ROBERT CLARKE AUSTIN**  
**Superintendent**  
Naval Postgraduate School

Rear Admiral Austin assumed duties as Superintendent, Naval Naval Postgraduate School on 11 July 1986. The School's mission is to conduct and direct the advanced education of commissioned officers, to provide prescribed technical and professional instruction to meet the needs of the naval service, and in support of the foregoing, to foster and encourage a program of research which sustains academic excellence.

Rear Admiral Austin was born in Cleveland, Ohio on 5 September 1931. He enlisted in the Navy in October 1948, obtained a fleet appointment to the Naval Academy and was commissioned in June 1954. He served on USS NOA (DD 841) until he entered Submarine School in 1957. USS THORNBAC (SS 418) was his first submarine assignment. In July 1960, he enrolled at the Naval Postgraduate School and received a Master of Science degree in Physics in May 1963. After serving as Executive Officer of USS GRAMPUS (SS 523), he entered Nuclear Power Training and later served as Navigator aboard USS TRITON (SSN 586) and as Executive Officer of USS JOHN ADAMS (SSBN 620). He was the prospective commanding officer during construction, and then commanded USS FINBACK (SSN 670) from 1968 to 1972. He next headed the Advanced Tactical Training Division and was the Prospective Commanding Officer Instructor for the Commander Submarine Force, U.S. Atlantic Fleet. Admiral Austin assumed squadron command of Submarine Development Group Two from May 1974 to July 1976. He then commanded the Naval Submarine School for two years. In August 1978 at Commander Submarine Force, U.S. Atlantic Fleet, he served as Deputy Chief of Staff for Operations and Plans until appointed as Chief of Staff. He was selected for flag rank in January 1980. In July 1980, Rear Admiral Austin was assigned to the Joint Chiefs of Staff as Deputy Commissioner, U.S. Component of the US-USSR Standing Consultive Commission and as Deputy Director for International Negotiations of the Plans and Policy Directorate. Following his assignment on the Joint Staff he served as Chief of Naval Technical Training from September 1982 to July 1986.

Rear Admiral Austin's decorations include the Defense Superior Service Medal, the Legion of Merit with three gold stars, the Meritorious Service Medal and others.

Rear Admiral Austin is married to the former Joyce Bisese of Norfolk, Virginia. They have four children: a married daughter Susan Ebdon, of Bridgeport, Connecticut; a married son Jim of Ledyard, Connecticut; a son Robert, and a daughter Cecelia.

**Deputy Chief of Naval Operations**  
(Manpower, Personnel and Training)

Vice Admiral Boorda, born in South Bend, Indiana in November 1938, enlisted in the U.S. Navy in February 1956. He attained the rate of petty officer first class, serving in a number of commands, primarily in aviation. His last two enlisted assignments were in Attack Squadron 144 and Carrier Airborne Early Warning Squadron 11. He was selected for commissioning under the Integration Program in 1962 and attended Officer Candidate School.

Following commissioning in August 1962, Vice Admiral Boorda served on USS PORTERFIELD (DD 682) as Combat Information Center Officer. He attended Destroyer School in Newport and, in 1964, was assigned as Weapons Officer aboard USS JOHN R. CRAIG (DD 885). His next tour was as Commanding Officer aboard USS PARROT (MSC 197). Vice Admiral Boorda's first shore tour was as a weapons instructor at Naval Destroyer School in Newport, RI. In 1971, after attending U.S. Naval War College and obtaining a B.A. from the University of Rhode Island, he assumed duties as Executive Officer aboard USS BROOKE (DEG 1). That tour was followed by a short period at the University of Oklahoma and an assignment as Head, Surface Lieutenant Commander Assignments/Assistant for Captain Detailing at the Bureau of Naval Personnel. In 1975, Vice Admiral Boorda took command of USS FARRAGUT (DDG 37), remaining until 1977. He was next assigned as Executive Assistant to the Principal Deputy Assistant Secretary of the Navy (Manpower & Reserve Affairs). In 1979, he relieved the civilian Presidential appointee in the position, remaining until he assumed command of Destroyer Squadron TWENTY-TWO in 1981. In 1983 and 1984 he served as Executive Assistant to the Chief of Naval Personnel/Deputy CNO for Manpower, Personnel and Training. In December 1984, Vice Admiral Boorda assumed his first flag assignment as Executive Assistant to the Chief of Naval Operations, remaining until July 1986. ## . . . ABOUT THE SCHOOL

The Naval Postgraduate School opened at Annapolis in 1909 and then shifted its location to Monterey in 1952. During that period of time it has conferred over 18,000 degrees. The typical student is a married U.S. Naval Officer who has completed an operational tour, is living in nearby government housing, and is engaged in intensive studies leading to a master's degree in one of 42 different curricula. This student would spend 18 to 27 months here in an educational endeavor which has been specifically tailored to include certain educational skill requirements necessary for subsequent assignments. Students are obliged to remain in service for about four years after they complete their schooling. Although most of the Graduates receive master's degrees, there are normally a dozen or so students working on professional engineering degrees and another dozen or so on doctoral degrees.

Students arrive every quarter, although the heaviest inputs are in June and September. Of the approximately 1700 students now enrolled, 60% are in the United States Navy, 25% are from other United States services such as the Army, Air Force, Marine Corps, Coast Guard, NOAA, civilian labs, etc., and the remaining 15% are from allied foreign countries.

The faculty consists of approximately 350 professors, many of whom are internationally recognized in their respective fields. Two thirds of them are on a tenured track while the rest are adjunct professors; this arrangement allows the necessary flexibility to deal with variable academic demands. In order to keep abreast in their fields they are encouraged to do research beneficial to other governmental agencies. Over \$16 million of research is conducted or administered annually from this campus.

The School is administered by the Superintendent (RADM Robert C. Austin) who is assisted by a Provost. There are also three civilian deans (Science and Engineering, Information and Policy Science, and Administration); two Navy Captains serve as the Director of Programs, and as the Director of Military Operations.

The following eleven academic departments comprise the Postgraduate School: Administrative Sciences, Mathematics, Computer Science, Operations Research, National Security Affairs, Physics, Electrical and Computer Engineering, Meteorology, Aeronautical Engineering, Mechanical Engineering, and Oceanography.

The School became an Echelon II Command in October 1983 and, as such, now reports directly to the Vice Chief of Naval Operations.

Guests are invited to tour the School grounds and to visit the Naval Postgraduate School Museum located in the basement of Herrmann Hall. The museum is designed to capture both the history of the School and that of the Old Del Monte Hotel through displays and artifacts.
