Present Job: *Embedded training Team OIC working with the Afgan National Army*

Location: *Afganistan*

PUTTING SIMULATIONS IN THE HANDS OF THE FRONTLINE WARFIGHTERS

## How NPS helped my USMC 8825 career:

*"My education at MOVES greatly prepared me for my three years working as the M&S Officer for TECOM. We actually used FOPCSims to practice call for fire. It is very rewarding to see something that started out as lines of code provided skills my fellow Marines use to train for combat."*
