RESUME OF DOUGLAS ROBERT SMITH

Douglas R. Smith was born on October 16, 1952 in Montclair, New Jersey. He attended Boston University where he majored in mathematics and computer science. He received the bachelor's degree with honors in 1975. He subsequently began graduate study in computer science at Duke University. He received the Master of Arts degree in 1977 and the Doctor of Philosophy degree in 1979. His dissertation was entitled On the Computational Complexity of Branch and Bound Search Strategies.

In September 1979 he joined the faculty of the Naval Postgraduate School, Monterey, California, where he is teaching in the Department of Computer Science. His research interests include discrete search and optimization methods, artificial intelligence and the design and analysis of algorithms.

He is a member of the Association of Computing Machinery and Sigma Xi.
