THANKING GORDON BEAUDOIN FOR HIS SERVICE TO THE HOUSE

HON. CANDICE S. MILLER
OF MICHIGAN
IN THE HOUSE OF REPRESENTATIVES
Thursday, February 28, 2013

Mrs. MILLER of Michigan. Mr. Speaker, on the occasion of his retirement on February 28, 2013, we would like to thank Mr. Gordon Beaudoin for his twenty-three years of distinguished service to the United States House of Representatives. Gordon has served this great institution as a valued employee of House Information Resources (HIR), within the Office of the Chief Administrative Officer (CAO).

Gordon began on the Hill in 1990 as an on-site Voice Service Manager with an outside contractor. He was responsible for all telephone services for the House, the Library of Congress and the Supreme Court. He retired from the company in 2000, and became a full-time employee for the House on April 16, 2001.

Gordon’s first responsibility as Manager of the Voice and Video Branch was to sustain existing systems and ensure the best level of voice service was provided to the House community. After September 11, 2001, Gordon’s team was tasked with identifying and resolving vulnerabilities in the voice systems necessary for Congress to perform its duties.

Gordon directed the development of a voice network recognized by industry experts as one of the most reliable and sustainable in the country. His team completely revamped the voice system hardware and software to provide multiple backups and redundancy. Additionally, he directed his team to completely re-design the network used to transport phone calls. It was an amazing improvement to reliability of service and one in which Gordon is extremely proud to have been a part.

Then, Gordon’s responsibilities focused on the tracking and implementation of new technology in the House community. Gordon had the foresight to initiate projects which will continue to provide House customers with the world class service they expect from the CAO. Based on his vision, the voice network is being converted to an IP based system in order to provide many benefits now as well as in the future. Additionally, the voicemail system is being upgraded to provide new features and functions allowing customers to communicate in more collaborative ways.

On behalf of the entire House community, we extend congratulations to Gordon Beaudoin for his many years of dedication, outstanding contributions and service to the United States House of Representatives.

We wish him many great years in fulfilling his retirement dreams.
Captain Biggs’ personal decorations include the Legion of Merit, Defense Meritorious Service Medal, Meritorious Service Medal with one gold star, Navy Commendation Medal with three gold stars, Army Commendation Medal, Navy Achievement Medal and various service related awards and campaign ribbons.

Captain Biggs is married to the former Marina Reese. The Biggs’ have four children; Justin, Eric, Juliana, and Joshua.

Mr. Speaker, I ask my colleagues to join me in honoring Captain Kristian P. Biggs for his thirty years of service to our country. Captain Biggs has demonstrated a deep commitment to the security of our nation. His exemplary career is a testament to the level of dedication exhibited among our men and women in the armed forces. I would like to personally wish him the best of luck in his future endeavors.

NATIONAL MARFAN AWARENESS MONTH

HON. STEVE ISRAEL
OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 28, 2013

Mr. ISRAEL. Mr. Speaker, I rise today on behalf of the hundreds of thousands of Americans affected by Marfan syndrome and related heritable connective tissue disorders across the country.

As February marks National Marfan Awareness Month, it is important to raise awareness to this rare genetic condition. About 1 in 10,000 Americans carries a genetic mutation that impacts connective tissue throughout the entire body. Patients often have disproportionately long limbs, a protruding or indented chest bone, curved spine, and loose joints. However, these are not what most concern Marfan syndrome patients. Internal organs have connective tissue and in Marfan patients the aorta, the large artery that carries blood away from the heart, is weakened and prone to enlargement and potentially fatal rupture.

This year marks the 30th anniversary of the enactment of the Orphan Drug Act. While we have made great strides in addressing rare conditions since the Orphan Drug Act first became law, we must not lose sight of the work that still needs to be done. Patients with Marfan syndrome and related disorders rely on us to provide investment in critical research activities so that treatment options can be improved and, most importantly, so that cures can be found.

I am proud to represent the nation’s foremost organization working to support the Marfan community, the National Marfan Foundation, based in Port Washington, New York. The Foundation was founded in 1981 by Priscilla Cicciariello, and since then the Foundation has worked to improve the lives of those affected by Marfan syndrome and related disorders by promoting research, raising awareness, and providing support to those afflicted with Marfan.

I urge my colleagues to join me in recognizing National Marfan Awareness Month. I look forward to working with colleagues from both sides of the aisle to make critical investments in medical research and treatment to save the lives of people across the United States.

RECOGNIZING COOK COUNTY SPELLING BEE CHAMPION ALIA ABIAD

HON. DANIEL LIPINSKI
OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 28, 2013

Mr. LIPINSKI. Mr. Speaker, I rise today to recognize Alia Abiad, winner of the Cook County Spelling Bee.

Alia Abiad is a 7th Grader at McClure Junior High School, and a resident of my hometown of Western Springs, IL. In addition to being a skilled tennis player and violinist for the Chicago Youth Symphony Orchestra, her recent performances in local Spelling Bees have demonstrated that she is an extremely dedicated and talented young woman.

Alia diligently practices her spelling independently and with her parents every day. She also gains her edge by reading books intended for an audience well beyond her age. Alia initially won the title of best speller at McClure Junior High, and then went on to win the Cook County Regional Spelling Bee. In these competitions she maintained a perfect record, spelling every word correctly. Alia will be representing her school and her peers at the Scripps National Spelling Bee in Washington, DC this upcoming May.

This victory is a reminder of how preparation, practice, and perseverance produce solid results, even when facing difficult challenges. I call on all my colleagues to join me in congratulating Alia Abiad for her tremendous accomplishment.

THE GREEN MOUNTAIN LOOKOUT HERITAGE PROTECTION ACT

HON. SUZAN K. DelBENE
OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 28, 2013

Ms. DELBENE. Mr. Speaker, I rise today to introduce the Green Mountain Lookout Heritage Protection Act, along with my colleague Congressman Larsen. Green Mountain Lookout, located in the Glacier Peak Wilderness, was built in 1933 as a Civilian Conservation Corps project. During the Second World War, the lookout was used to detect fires and to spot enemy aircraft. It is no surprise that with such a rich history, the Green Mountain Lookout is listed on the National Register of Historic Places.

Unfortunately, severe weather caused the Green Mountain Lookout to fall into disrepair, and the U.S. Forest Service began taking steps to preserve the historic structure for future generations. However, a group based out of Montana filed a lawsuit against the Forest Service for using machinery in order to conduct repairs, and a U.S. District Court ordered the Forest Service to remove the lookout. This legislation would protect the Green Mountain Lookout, one of the few surviving fire lookouts in the West, by allowing critical maintenance while keeping this iconic structure in its original home.

The Green Mountain Lookout represents a significant piece of the Pacific Northwest’s history and it deserves to be protected for outdoors enthusiasts to enjoy today and in the years to come. I urge my colleagues to preserve a part of our Nation’s history by supporting this bill.
